Don't Miss The Opportunity To Increase Your Profit In A Simple And Risk-Free Way Using Our FOREX Account Copier

MetaTrader MultiTerminal "PowerTradeCopier" software allows to copy trades from one or several master MetaTrader 4 accounts to one or several slave MetaTrader 4 accounts.

Our Clients : Forex Money Managers

Over 100 Money Managers are using PowerTradeCopier to significantly simplify their work and reduce losses from copying delays. Statistic: plus average 1.1 pips for each winning trade and minus average 1.4 pips for each losing trade. Monthly savings on VPS capacity: 5 times.

Forex Brokers

About 15 Forex Brokerage companies transfer unwanted trades to other brokers (MT4 or Currenex for example). It is possible to set up a build-in filter and copy orders from certain levels of drawdown.

Forex Signal Providers

Up to 100 Forex Signal Providers increase their profit by selling the trading signals and execute signals for their clients platforms without delays. Statistic: plus average 2.1 pips for each winning trade and minus average 2.1 pips for each losing trade.

Forex Traders

200+ Forex Traders copy orders of the professional traders. (It is possible to find account # and investor passwords on a lot of monitoring sites). Statistic: no need to buy forex robot (save \$400 – \$1000) or forex signals (save \$50-\$100/monthly)

Are you not a Forex trader, broker, money manager, or signal provider yet?

Start your own profitable business as Forex signal provider within 3 days. For more information contact us via e-mail: support@multiterminal.net
